

Dear Members,

We would like to pass along some information to you in light of the recent Equifax Data Breach.

Skyline Financial FCU does not report credit information to Equifax – we use Transunion. So while you would not have been affected by the Equifax breach due to your accounts at Skyline, you may have been affected with other financial services you might have. Equifax has set up resources to help you learn if you have been affected, and if so, what you can do. You can visit their website at [www.equifaxsecurity2017.com](http://www.equifaxsecurity2017.com).

Please know that Skyline Financial FCU continues to maintain the highest level of security through our processors and practices. Please contact us if you have any questions or concerns.

Warm regards,  
*Lara Kewalis*

We already knew how generous our members are; still we were overwhelmed at the response we received to the K-9 fundraiser that we've been holding. Our members donated enough money that the CT State Police will be able to purchase 2 vests. *They were thrilled and we thank you all for supporting this wonderful fund raiser for them.*
